

SUPPORT MESSAGE BY

GENERAL TAN SRI DATO' SERI MOHAMMAD BIN AB. RAHMAN
CHIEF OF DEFENCE FORCE, MALAYSIA

The Malaysian Armed Forces fully support the Cyber Digital Services, Defence and Security Asia (CyberDSA) 2025 exhibition and forum, scheduled from 30 September to 2 October 2025 at the Malaysia International Trade and Exhibition Centre (MITEC), Kuala Lumpur. As Chief of Defence Force, I recognise cybersecurity's important role in protecting national security and digital infrastructure.

In today's rapidly evolving digital landscape, the threats we face are becoming increasingly sophisticated and persistent. This makes it imperative that our defence strategies are equally advanced and dynamic.

Our participation in and support of CyberDSA 2025 underscores our commitment to enhancing Malaysia's cybersecurity capabilities and our dedication to addressing the complex challenges posed by the evolving cyber landscape. The insights and advancements shared at this event will be instrumental in fortifying our national security and ensuring that our Armed Forces remain at the forefront of cybersecurity preparedness.

CyberDSA 2025 provides an invaluable platform for us to engage with industry experts, share insights, and collaborate on cutting-edge solutions that enhance our national security. The partnerships and innovations fostered here are crucial for ensuring that Malaysia remains resilient against cyber threats. I urge all participants to seize the opportunities this event offers, as together, we can build a stronger, more secure digital future for our nation.
