# WHERE LEADERS LIKE YOU LEAD THE CYBER CONVERSATION

## WHERE CYBERSECURITY DECISIONS TAKE SHAPE

CyberDSA 2026 is more than an event. It is where policy meets practice, bringing together government authorities, cyber leaders, technology innovators, and international stakeholders to shape the future of cyber defence, digital trust, and operational resilience.

Held under the theme “Advancing Secure AI, Strengthening Digital Trust, and Safeguarding Data Sovereignty”, CyberDSA 2026 reflects the growing importance of securing digital ecosystems in an increasingly connected world. As artificial intelligence, data, and digital infrastructure continue to shape governments, industries, and critical sectors, cybersecurity has become a strategic priority.

From 5 to 7 October 2026 at Malaysia International Trade and Exhibition Centre (MITEC), Kuala Lumpur, CyberDSA 2026 serves as a focused regional platform connecting cybersecurity, AI solutions, data protection, cloud infrastructure, and digital transformation, bringing together policymakers, defence authorities, industry leaders, and technology providers to drive meaningful dialogue and actionable outcomes.

Now in its fourth edition, CyberDSA 2026 continues to strengthen collaboration in securing a trusted, resilient, and future ready digital landscape.

“We need to build a region that becomes resilient which is what we need to do to move ahead. So, this is one of the reasons why, with events like CyberDSA, the Ministry of Digital has pressed ahead in the last three months, using ASEAN and our chairmanship as the platform. Rest assured, that so far as the MADANI government is concerned, we are aware that this is an area that must be given the utmost priority and this is why we will continue to support CyberDSA in the coming years.”

**YB GOBIND SINGH DEO,**  
MINISTER OF DIGITAL MALAYSIA

"The Malaysian Armed Forces support initiatives that promote professional exchange and meaningful cooperation in strengthening national and regional security. I acknowledge the continued efforts of the organisers and extend my best wishes for the success of the 4th edition of the Cyber Digital Services, Defence and Security Asia (CYBERDSA 2026)."

**BY GENERAL DATUK HAJI MALEK RAZAK BIN SULAIMAN**  
 CHIEF OF DEFENCE FORCES, MALAYSIAN ARMED FORCES

"For NACSA, platforms such as CyberDSA are instrumental in strengthening strategic coordination and fostering trusted partnerships with industry players and international stakeholders, advancing practical capabilities to enhance Malaysia's cyber resilience, and facilitating critical discourse on governance, talent development and operational resilience; areas that are integral to Malaysia's national cyber security priorities and long-term cyber security aspirations."

**BY IR. DR. MEGAT ZUHAIRY BIN MEGAT TAJUDDIN**  
 CHIEF EXECUTIVE, NATIONAL CYBER SECURITY AGENCY (NACSA), MALAYSIA

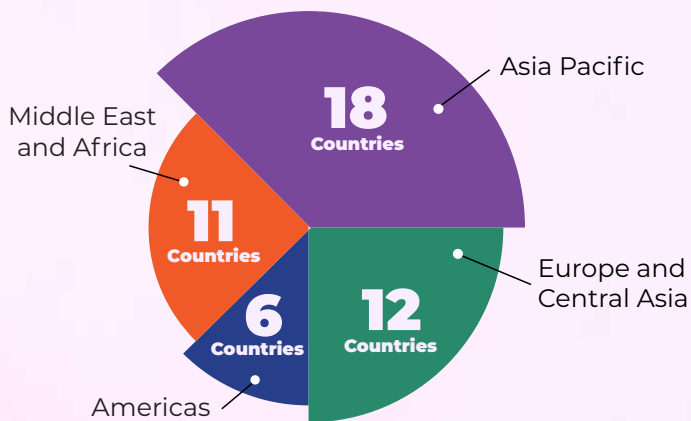

"CyberDSA contributes meaningfully to these efforts by fostering practical engagement and knowledge exchange. It supports the development of relevant capabilities, promotes the adoption of effective security practices, and strengthens coordination across the national cybersecurity ecosystem. Such alignment is essential to ensuring that responses to cyber threats remain timely, effective, and sustainable."

I look forward to welcoming you to CyberDSA 2026 as we strengthen collaboration and reinforce the foundations of a secure and trusted digital ecosystem."

**BY YBRS. ENCIK ROSHDI BIN HJ AHMAD**  
 ACTING CHIEF EXECUTIVE OFFICER CYBERSECURITY MALAYSIA

Cyber DSA 2025 brought esteemed government leaders, law enforcers, defense experts, and innovators together to explore the future of cybersecurity and national resilience.

✦ Our solutions demonstrated how Malaysia can strengthen transparency, safeguard communications, and defend against future cyber threats.

- Mission Critical Communications via Body-Worn Cameras for real-time visibility and safer field operations
- Quantum-Safe Networking to secure government and defense communications against quantum threats
- Network intelligence platforms that deliver end-to-end visibility and operational excellence

At Maxis Business, we understand your business challenges and provide tailored solutions from IoT to advanced network security, to build a resilient digital nation.

We've successfully concluded an inspiring week at CyberDSA 2025 in Malaysia!

Over the past few days, we had the great pleasure of meeting both old friends and new opportunities who share our vision of strengthening cybersecurity resilience together.

We truly appreciate every meaningful conversation and collaboration opportunity, each one brings us a step closer to building a more secure and trusted digital future.

Let's continue to innovate, connect, and defend together. 🤝

A little under 2 weeks ago, we wrapped up CyberDSA 2025!

It was an amazing 3-day event for us to network, share, and meet like-minded individuals who share the same passion in cybersecurity. The support that we've received throughout those 3 days meant a lot, and we're happy to be part of such an important event.

A heartfelt thank you to every single one of you who dropped by our booth, we really appreciate it. And for those who snagged our merch, a special shoutout to you guys too! 🎉 Huge thanks to our partners at NanoSec Asia for the collaboration and support.

Looking forward to 2026! 🇲🇾

# BECOME AN EXHIBITOR

## How You Can Participate

Position your organisation alongside Asia's leading cyber technology providers at CyberDSA's three day exhibition, a focused platform designed for meaningful engagement with government, industry, and cyber leaders.

### Space Only

An open floor space that allows exhibitors to design and construct a custom stand aligned with their brand and engagement objectives.

Minimum size requirement: **12 sqm**

### Shell Scheme

A ready to use standard booth solution, inclusive of carpet, power supply, lighting, basic furniture, and a lockable storage cabinet.

Minimum size requirement: **9 sqm**

## MAXIMIZE YOUR IMPACT AS A KEY PARTNER OF CYBERDSA 2026

Choose the sponsorship level that aligns with your visibility goals and market positioning. Each tier offers progressively greater exposure and thought leadership opportunities.
