More than 150 companies from 15 countries are confirmed to exhibit, reflecting strong industry confidence.

In addition, participating countries span Asia, Europe, and North America, including Australia, Canada, China, Finland, Gibraltar, India, South Korea, Malaysia, Russia, Singapore, Taiwan, Thailand, the UK, and the US – reinforcing CyberDSA’s global stature.

“Cybersecurity is a vital part of Malaysia’s vision to become a resilient and trusted digital nation. As technology permeates every aspect of life, the need to protect our digital infrastructure has never been more urgent. CyberDSA provides a critical platform where national ambition meets global expertise, producing partnerships and actionable solutions that cement our leadership in shaping the region’s security landscape,” said Cybersecurity Malaysia chairman Al-Ishsal Ishak T. Kechik. [Malaysia travel guides](#)

Held alongside *Siber Siaga* and the Malaysia CyberSecurity Awards, CyberDSA goes beyond a traditional showcase, bringing together government, defence, industry, academia and law enforcement.

“CyberDSA 2025 integrates multifaceted elements into a unified, world-class meeting yet point. Each programme is designed to complement the others, creating an ecosystem where innovation meets collaboration and discussions translate into actionable partnerships. Our goal is to ensure the event reflects the pace and complexity of today’s cybersecurity challenges while delivering the insights, connections, and momentum needed to address them, making this edition even more comprehensive and impactful than the last,” said Arosea Exhibitions Sdn Bhd chairman Tan Sri Asmat Kamaludin.

Over 50 foreign VIP cyber leaders from 20 countries and regions, including heads of national agencies and military cyber defence units, will participate. The conference programme features 80 speakers from 15 nations, engaging 600 delegates through expert-led sessions.
